

## SPECIFICATION / KEY FEATURES

- Engineered to exceed OEM durability standards.
- Heavy-grade steel construction
- 8mm wrapper for increased wall strength
- Extended wrapper to tank ends for reduced flex at critical stress points.
- Reinforced 6mm keeper plate for improved load distribution
- Direct OEM replacement

## DESCRIPTION

HD RADIATOR BOTTOM TANK

## PART NUMBER

TA260083

## INDUSTRY REFERENCE

T221980A

## APPLICATION

KENWORTH T909

## WEIGHT [KG]

22

**DO NOT SCALE DRAWING**
